digital futures 2024

INVITATION to REGISTER
For
Digital Futures

Digital Futures provides design thinking workshops for Year 9 students and requires them to work in teams to create a digital product that solves a real problem.

Participating schools will be assigned a mentor to act as a link to industry and provide guidance.

- Free Digital Skills workshop for Year 9 pupils.
- Support from ambassadors from IT companies.
- Teams present their project to panels of experts at PWC Belfast on Thursday 13th June 2024.
- Top 6 teams go forward to the finals in September 2024
- Winners travel to New York City to visit a range of leading tech companies, February 2025.
